

OZONE WASH

**🇮🇹 #ECOLOGICO #IGIENIZZACAPELLIECUTE #CAPELLIPIUMORBIDI
#CONTRASTACADUTACAPELLI #RIDUZIONESEBORREA
#RIDUZIONEUSOSHAMPO**

OZONE WASH con generatore di ozono ozonizza l'acqua di rete utilizzata per lavare i capelli nei saloni parrucchieri. L'ozono è un gas con un elevato potere ossidante in grado di igienizzare cute e capelli. Questo gas è completamente ecologico in quanto, dopo aver svolto la sua funzione ossidante, ritorna ossigeno senza lasciare residui dannosi. Oltre a contrastare la caduta dei capelli, l'ozono lascia i capelli più morbidi e ne ravviva colore e lucentezza. L'utilizzo di acqua ozonizzata permette inoltre di ridurre la quantità d'uso di shampoo e balsamo.

**🇬🇧 #ECO-FRIENDLY #SANITIZESHAIRANDSCALP #SOFTERHAIR
#CONTRASTHAIRLOSS #SEBORRHEAREDUCTION
#SHAMPOUSEREDUCTION**

OZONE WASH with ozone generator ozonates the mains water used to wash hair in hairdressing salons. Ozone is a gas with a high oxidizing power capable of sanitizing skin and hair. This gas is completely ecological as, after performing its oxidizing function, oxygen returns without leaving harmful residues. In addition to counteracting hair loss, ozone leaves hair softer and revives its color and shine. The use of ozonized water also allows you to reduce the amount of use of shampoo and conditioner.

**🇪🇸 #ECOLOGICO #HIGIENIZAELCABELLOYCUEROCABELLUDO
#CONTRASTACADACABELLO #REDUCCIONSEBORREA
#REDUCCIÓNDECHAMPÚ #CABELLOMASSUAVE**

OZONE WASH con generador de ozono ozoniza el agua de la red utilizada para lavar el cabello en los salones de peluquería. El ozono es un gas con un alto poder oxidante capaz de higienizar la piel y el cabello. Este gas es totalmente ecológico ya que, después de realizar su función oxidante, el oxígeno regresa sin dejar residuos nocivos. Además de contrarrestar la caída del cabello, el ozono deja el cabello más suave y reaviva su color y brillo. El uso de agua ozonizada también le permite reducir la cantidad de uso de champú y acondicionador.
